

LIEBHERR™ Oil Analysis

Keeps your machines running longer

OIL ANALYSIS PHONE APP & MACHINE TAGS

LIEBHERR™ Oil Analysis requires you to take oil samples and return them to the LIEBHERR™ laboratory.

To improve the process of submitting oil samples, LIEBHERR™ has partnered with WearCheck to provide you the latest state-of-art oil sampling application. Available for iOS and Android devices, the oil analysis app allows you to easily submit oil samples. Simply scan the machine tag QR-code and the sample bottle QR-code and your sample is submitted.

Enquire about receiving machine QR-code tags for your fleet today.

Install the Machine Tag by **removing the adhesive backing** on the tag and then affixing in a convenient place within the cab:

- Industrial adhesive backing.
- Rugged plastic tag.
- Clearly identifies the machine.

Download the Oil Analysis app onto your Android or iOS device:

- Works with smart phones & tablets.
- Eliminates the need to complete Sample Information Forms (SIFs)
- Immediately transfers sample information to the laboratory.

LIEBHERR™ Oil Analysis Phone App & Machine Tags

LIEBHERR™ Oil Analysis Phone App

Login to the LIEBHERR™ Phone App with your existing WebCheck account and submit your oil samples.

With the LIEBHERR phone app you can:

- Scan sample bottle QR-Codes
- Scan machinery and equipment asset tag QR-Codes
- View and take oil analysis samples from your scheduled sample runs
- View submitted oil analysis sample data during the past 30 days
- Manage sampling schedules
- Modify or delete submitted samples (to correct errors)
- Add new fluid information to your oil analysis sample submissions
