

IFH Fluid Handling Carts

Lubricant Storage & Dispensing Systems

Lubricant Handling

IFH FLUID HANDLING CARTS MAKE LUBRICATION TASKS MORE EFFICIENT AND SAFER BY PROVIDING INNOVATIVE LUBRICANT TRANSFER SOLUTIONS THAT TAKE THE WEIGHT OFF YOUR LUBE TECHNICIANS BACK.

BENEFITS

Improved Lubricant Dispensing

IFH Fluid Handling Carts take the weight off your lube technicians back. These innovative carts remove the need for clumsy and unsafe handling of oil drums and pails with convenient and efficient dispensing systems on wheels.

Both Standard and Customized Carts Available

A system is available to meet your lubrication needs. More than 20 standard IFH fluid handling carts are available for immediate purchase. Customized systems can be configured from one to six containers each holding from 10 to 65 gallons. Systems can be fitted with spill containment pans, air and electric motors, suction and dispensing wands, hose reels, quick coupling connections for filling, and oil and air filtration. Explosion proof systems and high grade casters are also available.

Reduced Labor and Improved Safety

With an IFH fluid handling cart, your lubricant technician can easily and safely transport a large amount of several types of oil in one easy trip. With options such as filtration, hose reels, metered dispensing wands, and quick coupling connectors lubrication tasks are simpler, cleaner and more efficient than ever before.

Part of Your Lubrication Excellence Solution

IFH fluid handling carts are an essential part of your lubrication excellence solution. Paired with your IFH lubricant storage racks, and the optional gravity fill stations, the IFH fluid handling cart forms the link between proper oil storage and proper oil dispensing.

OVERVIEW

- Improve the efficiency and safety of lubrication tasks
- Many options available including hose reels, air and electric pump, metered dispensing handles, spill containment and filtration.
- Can be used as a mobile fluid storage solution.
- Store product next to critical equipment.
- Sight gauges for constant inventory control.
- Over 20 standard systems available.
- Custom systems for special requirements.
