Lubricant Identification from Bulk to Point of Use

## Labeling System

HIGHLY VISUAL, SIMPLE AND RELIABLE, THE LABEL SAFE ADVANCED LABELING SYSTEM ENSURES THE RIGHT LUBRICANT GOES INTO THE RIGHT MACHINE EVERY TIME.

### BENEFITS

#### Improve Lubrication Practices

Highly visual, simple and reliable, the LABEL SAFE Advanced Labeling System ensures the right lubricant goes into the right machine every time. Specially designed for industry, LABEL SAFE is high quality and suitable for outdoor use and is the only industrial grade labeling system in the world that enables accurate and consistent lubricant identification on containers, machinery, vehicles and more. The fully integrated and color-coded system improves productivity and efficiency enabling operators to find what they need when they need it, while ensuring no misapplication of fluids occurs.

#### Improve Quality

Eliminate the risk of contamination — since containers can be properly identified. Clean oil leads to greater production cycle consistency as machinery runs more efficiently and generates the output levels a company needs.

#### Act Environmentally

Make OSHA and Employee Right to Know information readily available on or near machinery, containers, or other items. Ease concerns you may have — display data in a convenient, practical and protected way.

#### Reduce Costs

The bottom line is impacted by improper labeling of lubricants — pouring the wrong fluid into the wrong machine can be costly, and containers that aren't labeled properly may end up being discarded. LABEL SAFE helps reduce waste which increases bottom line savings through accurate and consistent delivery of fluids.

#### Integrate Your Lubrication Tools

The LABEL SAFE WIZARD™ Advanced Labeling System integrates with LABEL SAFE™ and joins OIL SAFE® and GREASE SAFE® as a portfolio of products that combine to form a revolutionary solution for managing lubricants from bulk storage to points of use.

### OVERVIEW

- Works in tandem with the Label Safe range of Label holding accessories to form a fully integrated, color-coded solution for identifying Bulk Storage, Intermediate Containers and Points of Use on Plant and Machinery
- Provides for the needs of the color vision deficient in the workplace.
- Simplifies creation of Custom ID Labels using various colors, shapes and text, dedicated to your specific lubricants and fluids.
- Accommodates inclusion of NFPA labels at all steps of the lubrication process.
- Labels supplied in sheet quantity for easy inventory that can be quickly reordered and shipped at any time.
- You create. We deliver.
- Outputs labels on weather resistant paper or adhesive stock, able to withstand the toughest outdoor or indoor use.
- Allows users to easily reorder their labels as well as edit individual label information

Lubricant Identification from Bulk to Point of Use

Lube Storage

Lube Dispensing

Point of Use

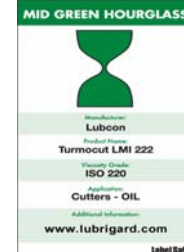

Lube Point Ids

## Custom ID Labels

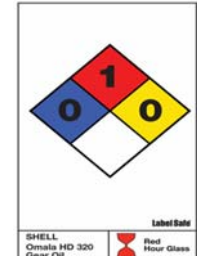

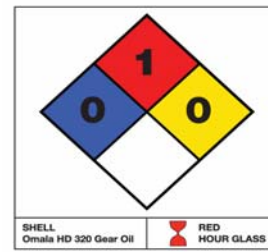

- Available in different sizes, with various shapes and colors, and ample room for critical fluid information.
- Combine with the OIL SAFE®, LABEL SAFE®, and GREASE SAFE® systems for managing fluids from bulk storage to intermediate container to the point of use.

Custom ID Label	3.25" x 3.25"	2" x 3.5"	2" Circle
Adhesive	PA22003	PA22001	PA22002
Weather Resistant	PW22003	PW22001	PW22002

## Custom NFPA Labels

- Cover the NFPA 704 Hazard Identification ratings system for health, flammability, and instability.
- Enhanced LABEL SAFE WIZARD feature includes the fluid and manufacturer name on NFPA labels for matching your NFPA labels to Bulk and Intermediate containers easily.

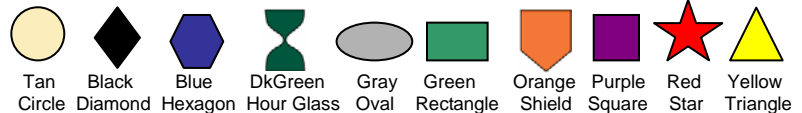

Custom ID Label	3.25" x 3.25"	2" x 3.5"
Adhesive	PA30003	PA30001
Weather Resistant	PW30003	PW30001

The Wizard generates two types of industrial-grade custom labels: Fluid ID and NFPA. Each label is available on adhesive stock or on Label Safe™ weather resistant outdoor paper that can fit securely in any LABEL SAFE label holder for protection and attachment options.

Contact Lubrigard and we will send you the Lubrigard - Label Safe Wizard template. Complete the template, e-mail the completed template back to Lubrigard, and we'll print and courier your custom labels to you.

**Custom ID Labels** available in 10 colors and 10 shapes. NOTE: Colors and shapes can be mixed and matched.
