## Blue Water Marine Repair

4924 17 Ave. South GULFPORT, FL US 33707 Contact: Peter Kopp bwmarinerepair@gmail.com T: (727)327-6512 F:

## Diagnosis

We advise that you check for the source of water entry. We recommend that you drain the oil from the component if this has not already been done. We advise that you inspect for the source(s) of wear. We recommend an early resample to monitor this condition. Gear wear is indicated. There is a high concentration of water present in the oil. The oil is no longer serviceable due to the presence of contaminants.

Depot: VP151824
