

## **OIL ANALYSIS REPORT**

Sample Rating Trend

Machine Id **2017123** Component **Diesel Engine** Fluid **NOT GIVEN (--- GAL)** 

#### DIAGNOSIS

#### Recommendation

Resample at the next service interval to monitor. Please specify the brand, type, and viscosity of the oil on your next sample.

### Wear

All component wear rates are normal.

### Contamination

There is no indication of any contamination in the oil.

#### **Fluid Condition**

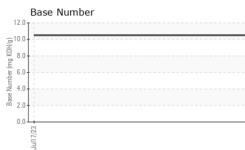

The BN result indicates that there is suitable alkalinity remaining in the oil. The condition of the oil is suitable for further service.
