

OIL ANALYSIS REPORT

Sample Rating Trend

Machine Id **13404** Component **Center Differential** Fluid **{not provided} (--- GAL)**

DIAGNOSIS

Recommendation

Resample at the next service interval to monitor. Please specify the component make and model with your next sample. Please specify the brand, type, and viscosity of the oil on your next sample.

Wear

All component wear rates are normal.

Contamination

There is no indication of any contamination in the oil.

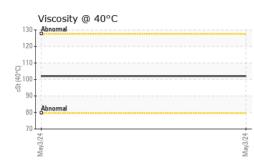

Fluid Condition

The condition of the oil is acceptable for the time in service.
