

# BECOME A LUBE HERO

**COMPLIMENTARY TRAINING****LUBE HERO  
BOOT CAMP****DATES**

**JUNE 8 & 10, 2021**  
**SEPT 21 & 23, 2021**  
**NOV 16 & 18, 2021**

## COURSE OVERVIEW

Take part in a Lube Hero Boot Camp that is comprised of an introduction to Lubrication management. Attendees will have an opportunity to register for a self-assessment survey to get jump started towards world-class lubrication. This two day online workshop is complimentary and is designed to provide you with a vision of best practices in lubrication and a blueprint, including your own financial plan, to achieving world-class lubrication within your organization.

The Lube Hero Boot Camp workshop is aimed at Reliability Engineers and Maintenance managers and staff in factories, food production plants, power generation plants, and any other industrial setting where lubrication management is required. You will learn everything you need to achieve World Class Lubrication standards.

Lubrication is the cornerstone of any reliability driven maintenance department. Proper lubricant procedures will eliminate failures and increase uptime. The plant's overall maintenance budget can see losses as high as 30% due to poor lubrication practices.

## COURSE OUTLINE

1. Lubricant Storage & Handling
2. Oil Dispensing
3. Contamination Control
4. Oil Analysis
5. Oil Sampling Practices
6. Training & Education
7. Building the Business Plan

Each attendee who completes the online survey will receive a comprehensive 50-page report that contrasts your plant's current lubrication maintenance practices against world-class lubrication practices and provides a detailed blueprint to close the gap.

## COURSE ITINERARY

### DAY ONE

Role of Lubrication Management  
 Oil Storage and Dispensing Grease Applications  
 Contamination Control

### DAY TWO

Oil Analysis  
 Oil Sampling Practices  
 Training and Education

## PRESENTER

Lubrigard can help you overcome the major hurdles to achieving world-class lubrication, by providing you with a specific action plan to improve equipment reliability and rescue your maintenance team from constantly "putting out fires". Lubrigard has the knowledge and support to provide you with specific solution to your current lubrication needs.
